Johnny's prayer said in a loud voice, before his birthday: "Dear God, I pray that I will get a new bicycle for my birthday." His brother: "What are you shouting for? "God isn't deaf". Johnny: "I know, I know, but Grandma is."

A busload of American tourists in England pulled to a stop at Runnymede and one man asked the guide, "What's this all about?" "This is where they signed the Magna Carta." said the guide. # How to stay well - - -

Water, water everywhere and not a drop to drink. Today this adage is more real than figurative. Do you know that there is not a single major city in the country that provides potable water from a household faucet.

A contributing factor in the surreptitious aging and poisoning of the body is the mixture of chemicals, bacteria, pesticides and industrial waste that is allowed to be introduced into lakes, rivers and wells. Seemingly, water is all around us but this essential lifegiving element is gradually being polluted and depleted. Of course, we cannot drink sea water so our only source is the water from the rain or snow which is evaporated from our oceans and land and stored in lakes, rivers and underground channels. It is this natural cycle that man is destroying by chemical pollution resulting from pesticides, fertilizers and bacterial growth from the runoff of farmland and industrial dumps.

Even the foods we grow and the fish from the seas are contaminated by undesirable toxins through the water they absorb. No wonder the unsuspecting public is crowding hospitals and doctors' offices without knowing the source of their illness.

What can we do about this? Here are some timely suggestions. When eating in restaurants or other places serving food, never drink the water that is so invitingly profered to you before a meal. For two reasons. First, it is polluted with toxic elements especially chlorine and fluorine, which are toxic poisons in the body. Secondly, for digestive reasons, drinking water during a meal dilutes the saliva and gastric enzymes in the mouth and stomach which retards digestion.

If you are thirsty drink a liquid one half hour before a meal. Drink water only when you are thirsty. Do not load the body with water as a matter of habit.

To obtain potable water, buy spring water or distilled water from a local water supplier, or buy a still and distill your own water. The investment will more than compensate the cost of an illness.

A further suggestion is to buy a good faucet filter activated by charcoal pellets. These have to be replaced periodically and oftentimes this is neglected but many toxic elements can be absorbed by a faucet filter.

One should not drink water that has been processed by a water softener unit as it adds an excess of sodium to the body, too much of which is toxic.

YES!!

Saying "yes" to people is a good thing. People need "yeses" all the time. Folks need to know that they are worthwhile and that they are good. "Yes" tells them. "Yes" reassures. People are weak, no matter how strong. "Yes" supplies strength. "Yes" must come from people - people need people. Saying "Yes" may be a nod, a smile, a tear, a being there, a hand, a loving, a walking with, a talking to, a listening or even a saying no.

It is hard to keep saying "Yes" its so easy to say no. Greet the morn with a "yes" and sprinkle the "yeses" all through the day.

Saying "yes" to people is a good thing. Right now say "yes" to Old Glory as her bright red and white and blue wave in the breeze. "Yes" we still love the America that she stands for. "Yes", we do appreciate the freedom and the opportunities that have been ours, the liberty and the justice that she strives to represent.

SOME LOVELY THOUGHTS

Count your garden by the flowers  
Never by the leaves that fall  
Count your days by golden hours  
Don't remember clouds at all.

County your nights by stars,  
not shadows  
County your life with smiles,  
not tears  
And with joy thru all your lifetime  
Count your age by friends, not years.

BORROWED FROM "DEAR ABBY"

"Take time to work. It is the price of success. Take time to think. It is the source of power. Take time to play. It is the secret of perpetual youth. Take time to read. It is the foundation of wisdom. Take time to be friendly. It is the road to happiness. Take time to love and be loved. It is the privilege of the Gods. Take time to share. Life is too short to be selfish. Take time to laugh. Laughter is the music of the soul."

APPRECIATION NIGHT DINNER

Dinner on the 6th of June for 260 guests prepared and served in true Villa Serena style was the highlight of the evening. This was a very thoughtful manner of saying "thanks" to the many volunteers who gave of their time and talents during the past years.

After dinner, Lou Sivillo and his musicians played for dancing. Old and new songs were sung by Sali Lyne, a former "Miss Ohio" and niece of our own Dorothy Papcke. Little four year old Darla Lyne danced while her mother sang. Very talented family! !

Coinciding with the theme of our "Appreciation Night", Mr. Chesler introduced Thomas Bray of Manu-Life Insurance Co., who presented Frank Pitrone with a plaque in appreciation of his philanthropic and civic endeavors in this community and valued services to the Villa Serena. A check in the amount of \$500.00 was given to the Villa Serena Center in his honor. Accepting the plaque and check, Mr. Pitrone commented, "Its always a pleasure to do something you enjoy doing". What an admirable spirit. Mr. Pitrone offered the check to Mr. Chesler for Villa Serena activities. Another very appropriate gesture for our "Appreciation Night", Really great!!!

Birthday and anniversary celebrants for June were entertained with music and song by the entire band and group present. This is always a pleasing event at the Villa Serena.

APPRECIATION NIGHT (cont'd)

Nationality songs and music brought many dance enthusiasts to their feet, for their own pleasure and for those on the side lines as well. This was interrupted by the serving of punch and goodies in honor of Mr. Pitrone's generosity to the Villa and his fellow people.

The evening of fun came to a close with everybody singing "I'll See You in my Dreams". Thus ended another super-excellent party.

MENS CLUB NEWS

The Men's Club annual dinner held on June 4th was a huge success - a wonderful dinner with all the trimmings, an inspirational message by our own Howard Chesler, and an entertainment program that took all members completely by surprise.

Mr. Chesler praised the Men's Club for the progress it is making, as evidenced in part by the air of good fellowship that prevails and the fact that 14 new members have joined up with us in the past ten months.

The surprise entertainment was a beautiful exhibition of various forms of self defense put on by members of the Hillcrest Academy of Jiu Jitsu & Karate. These were a fine group of men and women who performed beautifully. We were all physically exhausted by the end of the exhibition just watching.

John Smola reported that Dewey Voorhies and George Lash had been hospitalized. We sincerely hope they will be back with us by the time this issue of the Villa Voice goes to press.

Big-hearted Bill Pace donated a roll of stamps to help us out in sending get well cards when needed. As of this writing, Bill is working hard getting the horsehoe courts in shape. It won't be long now, men!!

The next meeting will be held Tuesday, July 8th, at which time we will elect officers for the coming year. All members are urged to be present.

Have a glorious Fourth of July.

President

THINKING AHEAD TO NEW YEARS

Although it is still summer and too early to begin thinking about the winter and the end of the year just around the corner, nevertheless it will be here before you can "turn around".

Last year and in the past years there has always been requests for our very own "New Year's Eve" celebration at the Villa Serena for our residents and non-resident members. There will be dancing, food and the 'ever lovin' booze.

In order to make plans much in advance for reserving music, etc. we must know your pleasure and your support of a "gala" New Year's Eve Party.

(cont'd to next column)

SPECIAL SUMMER LUNCHEON

Friday, the 13th, does not mean disaster, or evil or even anything unpleasant. At least not at the Villa Serena. The old myths were dismissed quickly as you entered the cheery dining room (bright yellow being the dominant color).

The tables looked inviting. Each setting consisted of a half pineapple filled with luscious fresh fruit, just waiting to be tasted by people remembering a similar luncheon about a year ago. Everything, including the dessert was absolutely delicious. All the ladies looked beautiful in lovely summer colors. After lunch the guests strolled outdoors to view the patio and flowers and then leisurely returned to the Red Room for entertainment. How relaxing!!

Gale and Alan Franklin, a very talented couple gave renditions of classical and semi-classical numbers. Gale's very beautiful operatic voice and Alan at the piano left nothing to be desired. They offered opera, songs from Showboat, a medley of Rogers-Hammerstein collections and entertainment to please all.

It was a delightful afternoon at the Villa Serena.

RESIDENT PATIO COOK OUT

Its that time of year again when we plan our annual resident patio cookout which has become something of a ritual celebration at the Villa Serena.

As we have said so many times in the past, this is the special occasion when we all get together as one big happy family

The big day will be WEDNESDAY, JULY 16th.

Those of you who have been with us each year know fullwell the mouth-watering foods and pastries which have been donated by you,

(continued to next column)

COOKOUT (continued)

our residents. Bring your new neighbor along and tell them about the happy time we have in eating those delectable dishes prepared in such an eye appealing manner.

As is customary, the Villa Serena will supply all the free hamburgers, hot dogs, buns and coffee. Our hamburgers and hot dogs are the very best available. Bigger than "Burger King", juicier than "Wendys" thicker than any "McDonalds" and our hot dogs are "Keener" than any Keener Weiner you can buy. What more can you ask for.

Then to top it all off, you residents will contribute the rest of the goodies to eat. We hope every one attending will prepare their very favorite dish. A sizeable portion of whatever you are planning to bring will insure that there will be enough for every one.

Because of so many pickles, relishes and coffee donated each year and not consumed, try to refrain from this type of contribution, but rather bring something in the way of other food.

For those who cannot cook, we suggest you bring cold drinks, melon or other choices.

A sign up sheet will be in the mail room so you can let us know what you are bringing.

With your help, this will be another HUGE SUCCESS AT THE VILLA!!!!
