FOR ALL THOSE BORN BEFORE 1945

WE ARE SURVIVORS!!! CONSIDER THE CHANGES WE HAVE WITNESSED!

We were born before television, before penicillin, before polio shots, frozen foods, Xerox, plastic, contact lenses, Frisbees and the Pill. We were born before radar, credit cards, split atoms, laser beams and ballpoint pens. Before pantyhose, dishwashers, clothes dryers, electric blankets, air conditioners, drip-dry clothes...and before man walked on the moon.

We got married first and then lived together. How quaint can you be? In our time, closets were for clothes, not for "coming out of". Bunnies were small rabbits, and rabbits were not Volkswagens. Designer Jeans were scheming girls named Jean, and having a meaningful relationship meant getting along with our cousins.

We thought fast food was what you ate during lent, and outer space was the back of the Riviera Theatre. We were before house husbands, gay rights, computer dating, dual careers and commuter marriages. We were before day-care centers, group therapy and nursing homes. We never heard of FM radio, tape decks, electronic typewriters, artificial hearts, word processors, yogurt and guys wearing earrings. For us, time-sharing meant togetherness...not computers or condominiums. A chip meant a piece of wood. Hardware meant hardware, and software wasn't even a word.

Back then, "Made in Japan" meant junk and the term "making out" referred to how you did on your exam. Pizzas, McDonalds and instant coffee were unheard of. We hit the scene where there were 5 and 10 cent stores, where you bought things for five and ten cents. Sanders or Wilsons sold ice cream cones for a nickel or a dime. For one nickel you could ride a street car, make a phone call, buy a Pepsi or enough stamps to mail one letter and two postcards. You could buy a new Chevy coupe for \$600...but who could afford one? A pity too, because gas was 11 cents a gallon!

In our day, grass was mowed, Coke was a cold drink and pot was something you cooked in. Rock music was a Grandma's lullaby and AIDS were helpers in the Principal's office. We were certainly not before the difference between the sexes was discovered, but we were surely before the sex change. We made do with what we had. And we were the last generation that was so dumb as to think you needed a husband to have a baby.

No wonder we are so confused and there is such a generation gap today.

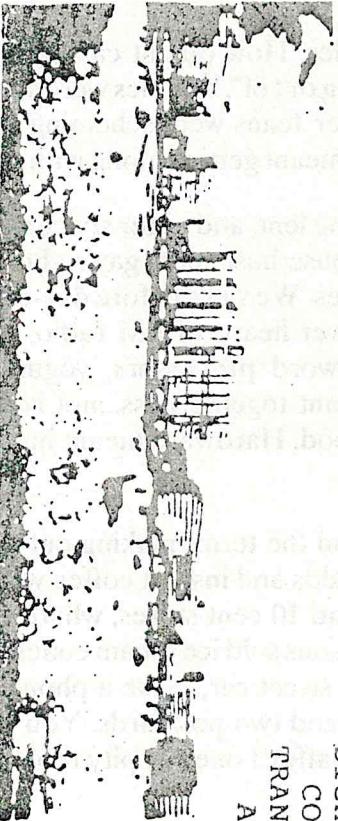

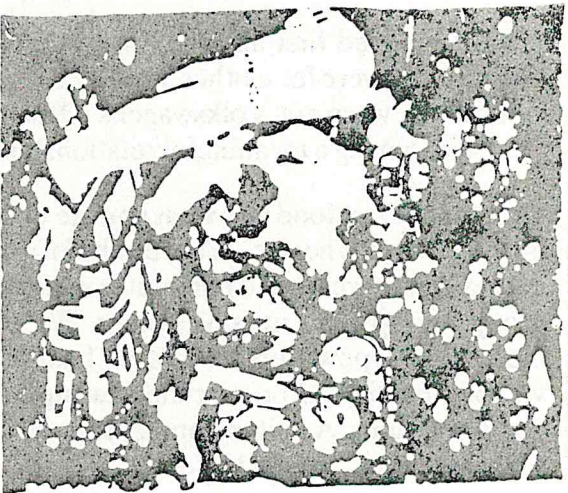

But, We Survived!!! What better reason to celebrate?

HAVE YOU MET

.....Alma Reinke, a resident of the Villa Serena since 1981. Alma was born and raised on the east side of Cleveland and attended St. Edwards Commercial School. She graduated at 16 and started to work at the Collier Publishing Co. From there she went to the Cleveland Press and then on to Neal Storage where she worked until her marriage to Bill Reinke in 1931.

Alma and Bill had two sons as well as a son from Bill's previous marriage.

In 1948 Alma returned to work part time and when her husband's health failed, she went to work full time for Capitol-Mayflower as assistant traffic manager. She retired from there in 1969.

Alma, a widow for 30 years and a resident of South Euclid was familiar with the Villa Serena and joined to take advantage of the many activities the Villa offers.

In 1981, she decided to become a resident and has enjoyed living here and has met many lovely people.

Alma's family consists of three sons, five grandchildren, two great grandchildren and is expecting her third grandchild.

Alma is a sports fan and enjoys watching baseball and football games, especially the Indians and the Browns.

Her hobbies include playing bridge and pinochle. She also attends the ceramic classes where she has made many lovely items both for her family and

for the showcase. Occasionally she attends the bingo games.

We're happy to have Alma as a neighbor and a friend.

BRIDGE NOTES

It is time to get involved in the fall program here at the Villa Serena - there are so many different activities, you are sure to find something of interest to you. If your interest is bridge, you can join our Friday afternoon group, brush up on your bidding, improve your play and have an afternoon of fun. The unusual thing about bridge is that you will continue to learn as long as you play.

We will cover the Goren Point Count System of bidding plus the Stayman and Blackwood conventions. We can discuss any phase of the game in which you are interested and questions are always welcome.

During the year we will have two parties which give you an opportunity to get acquainted with other players and win prizes.

Come join us.

SEWING CLASS

My schedule says it can't be (I didn't get all my summer jobs done) but the weather says it is. So out come the jackets and sensible shoes. (Don't you just hate wet feet?) It is good to be back at the Villans to see each of you again. I hope you have lots of projects that we can work on together. The change of season makes a perfect time to get the closet organized after looking at it ruthlessly. If you can't stand it, haven't worn it or it doesn't fit - get rid of it. Can it be restyled? The little white collar on my favorite wool dress looks dated so I'm removing the collar and adding a large "new look" scarf at the neck. The dress is very basic, it fits and it is a becoming color for me - it is well worth changing and saving. See how it works? Give it some thought because some of the new styles and colors are really hideous this year sad to say.

BOCCI FINALE

The season is over but we all had a great fun time. There was a very congenial group of players. Of course, we had our squabbles but they were all in fun. That is part of the game.

The players were Joe Warren,

Lowery, Chester Lowery, Benno
Hentemann, Wilma Lally, Gen
Devney and Tony LoCastro.

Now it is time to store the gear until again next spring. We will be right back again at that time.

GOOD TIMES

It isn't divulging a secret when I point out that Cleveland has many wonderful features. The one I want to tell about today is fun and educational too. Taking a ride on the cruise ship that takes one both on the lake and the river is a favorite adventure for many.

The trip is narrated beautifully and the sights are fascinating. You learn how deep the breakwall is that runs through the lake. Along the way you see huge piles of sand and lime and salt and gravel. Some of these piles are held in place with many, many tires.

You get a look at the flates and many restaurants that you no doubt have heard about. Many small boats are docked along the sides.

One thing that fascinated me in particular was the Nicholson Building. It's a warehouse for cars where years ago a cargo boat would come in to deliver new cars from Detroit. It unloaded them onto the third floor. My husband who worked with new cars then, would pick up a car and deliver it to it's destination.

It's a great ride and so relaxing. You can feel the stress float away. There is also entertainment and music for part of the time.

It's a smooth ride, although I have to confess my friends

and I brought along some soda crackers in case there was any quiesiness to contend with. It so happened that we found we were good sailors.

When you get a chance, get nautical! Have fun!

OCTOBER

What does it mean? Eighth month. Pure and simple. What else in life is pure and simple? We can look all around us, even at ourselves - and is any part of it or us pure and simple? I know what you're thinking now - simple - well, simple is a very complicated word with many definitions, one of which is unimportant. That's one thing we're not. Each of us in his/her own way is important; not only to ourselves, but to others. And if we don't feel that way, it's up to us to start looking into things and find what is important in us and to us.

And while we're looking, let us look forward to October. Not the olden days of overturned privy's and chalked up windows, but to the beginning of the festive and gala days of the fall-winter season when once again we take part in the Villa Serena activities as we should as members of our group of seniors. If you're living in the Villa Serena, you are a member, and we're looking forward to seeing you around, being companionable and we hope appreciative of what is being offered and hopefully accepted.

HAPPY OCTOBER.
HAPPY HALLOWEEN.
HAPPY ALL SAINT'S DAY.
HAPPY FALL SEASON.

PROF. KALL

Our faithful Prof. Kall will be here on Wednesday, October 25, at 7:00 for another one of his lectures. Current events is usually the theme of his talks but if you have any questions or comments, he will comment. He likes to get the audience involved so come with an open mind. You will meet new friends and maybe learn a few things at the same time.

SHOWCASE CLASS

Word from the fashion world says that this fall classics are in so the Showcase Class is stocking the Showcase with our classic favorites - pumpkins, christening dolls, soldier pillow-people, etc. We just can't stop making all those wonderful pumpkins (and we haven't found any that are any cuter). Whatever we make this fall is limited only by the number of nimble fingers we can get to help. This class has a great deal of fun seeing what pieces of fabric, trim and bags of stuffing can become. Seriously, we really need all the help you can give us - we have more ideas and projects than we have time to complete. I hope we will see you soon.

BIG BINGO AGAIN

We know there are many people who look forward to BIG BINGO and so on Friday, October 13th, we will be glad to keep them happy.

The cost is just \$5.00 for 3 cards and the big jackpot will be \$200.00 - that is if you get a fill-up in 57 numbers. That is not really hard to do.

Dinner at 5:00 and BIG BINGO at 6:30. Lucky charms? Bring them along.

A BIG THANK YOU

Summer is over and have you noticed how nice the grounds look because of the helping hands of several tenants? The grass is trimmed, the parking lot is neat and clean and the flowers are growing like mad.

Wonder who the hard workers are? Well, they are Lou Vargo, Don Gisondo, Tony Filly, Jim Cordaro and Steve Polivchak. Together they have spent many hours for our benefit and now they can sit back and relax and enjoy the fruits of their labors.

Thanks much, men.

At this time we also want to thank the ladies who have kept the patio clean. You could see them at almost any time sweeping and sweeping. What would we do without these helpful, concerned people?

Thanks again to all.

FIRST FALL DINNER

The Fall season of activities opened Thursday, September 14 with a big turnout for a mouth-watering chicken dinner. Ice cream was a smooth, cool finish to a wonderful meal. Waiters and waitresses kept up a steady, swift pace with smiling faces (and no doubt tired feet). We thank all of them.

At 6:30, we were really crowded into the Red/Blue Room and even overflowed into the lobby. As Ed and Gilda Cifani appeared on

(Continued next column)

DINNER (Cont)

stage, they were greeted with enthusiastic applause. They opened with a medley of our favorite songs and dancers appeared as if by magic. Ed performed a marvelous accordion solo 'Casey Jones'. We heard the train take off from the station, go out west and come back to stop at Villa Serena. What a trip!

July, August and September birthdays were celebrated by many as we sang to them. Special recognition was made of Helen Smatt, 90 years, Jerry Kulas, 90 and Jack Max, 89. Anniversary couples danced to the 'Anniversary Waltz'.

Back to more dancing including the ChaCha, Alley Cat, Polka and Bird Dance.

The exciting program closed with 'I'll See You in my Dreams'.
