

HAVE YOU MET

Rose and Carl Schock who recently moved into Villa Serena? Rose and Carl lived in Mayfield Heights from 1951 to 1978, before moving to Florida. They raised four children, all graduates of Mayfield High School. Carl is a retiree of General Electric and Rose worked many years for an insurance agency.

Carl told us the first Little League baseball field of Mayfield Heights was located where the Sherwin Party Center is now. He was one of three residents to sign the charter for the League in 1954.

Carl is a past president of the Kiwanis Club of Mayfield and is now entering again into the activities. He likes to keep busy. Rose is active at their church here in Mayfield with rummage sales, dinners, etc. She is an "old pro" at making strudel.

With three of their children and five grandchildren residing in the area, they are really enjoying "moving home".

In July they went to Utah to visit their other daughter and four grandchildren. Rose speaks of Utah as "God's country". They will spend the winter months in Florida but will be "home" to celebrate their 49th wedding anniversary in May.

MUSICAL MEMORIES OF CLEVELAND

Do you remember the dance halls of the local area -- Luna Park, Trianon, Euclid Beach, Alpine Village and on and on? Do you also remember the orchestras of Austin Wylie, Emerson Gill, Guy Lombardo and Sammy Kaye to name a few?

If all this brings back fond memories, don't miss Bob Strasyer's slide and sound presentation with a nostalgic look at the dance bands, personalities and dance establishments of northeast Ohio during the 1920-1950s.

This program will be on Tuesday, September 15th, at 7:30 P.M. Don't miss this trip back to our early days of fun and excitement. I am sure everyone will enjoy it--the young and not so young.

Summer's Gone

*Summer time is passing now,
Like music from a song,
A fleeting little melody
That doesn't last too long
It seems we just get started,
As we're playing in the sun,
When at once the lights go dim,
Another day is done.*

*No matter how much fun we had
Swimming in the pool,
The bright sun goes down too quick,
Leaving us quite cool.
Let us not be saddened,
For from nature we should learn
That life's majestic beauty
Is when seasons have their turn.*

STILL REMEMBERING

At this stage of life I guess we all think back about the old days. What do we remember about our youth and things that are now probably gone forever--maybe. Like the iceman driving by and stopping to deliver a block of ice for someone's "ice box". He used large hooks shaped like our ice tongs. He let us take the little pieces of ice that broke off in the truck. We ate them with no worry about pollution.

How about the watermelon man who slowly drove by yelling "water meloome".

How about the milk man leaving bottles of milk behind our doors. We left the empties out there and sometimes a note asking for cream or butter.

You know the "paper rage" man usually looked poor and shabby but we heard he lived in the best neighborhood!

Did you walk to the corner to board the streetcar and go all the way downtown for a nickle? The bell or clang sounded like the San Francisco Trolley sounds now. FUN!

Ladies, remember the page boy hairdo, the snood and the rat. It makes me itch to think of that.

Thanks to friends who helped me remember. Don't forget to tell me what you remember next time we meet.

Josephine Gentile

HIGH HOLY DAYS

With the sounding of the Shofar, Jews throughout the world will begin the observance of their high holy days on September 24th.

The Shofar is sounded to remind everyone of the passing of one year and the arrival of the new year. It suggests that it is a time of personal challenge for each person of the Jewish Faith. It reminds us that life has its moments of joy and moments of bittersweet; that as each day comes with blessings, there are also those days of sadness.

Rosh Hashanan is also known as a day of remembrance. People of the Jewish faith are challenged to make an accounting of what they have done during the past year. Have they become better people, have they properly appreciated the gift of their days--life.

We of the Villa Serena wish each resident and member and friend of the Jewish faith that they may be inscribed in the book of life for a year of good health, and we wish that they may have the faith and courage to meet all of the challenges of life along the way.

The TELL IT TO RUBY page will not be in this issue because Ruby is on vacation. Just remember if there is something interesting in your life, tell it to Ruby. We all like to hear interesting things about our friends.

KEEPING ABREAST OF THE TIMES

When we say "keeping abreast of the times", we can think of none other than our own Professor Joe Kall and his wonderful informative and "thought-provoking" lectures.

Professor Kall has been part of our Villa Serena family for more than 15 years and has enjoyed a very dedicated group of followers.

His first lecture of the season will be on Wednesday, September 30, at 7:00 P.M. Lets all welcome Professor Kall back for the new season.

His lectures are a "don't miss" occasion. If you have never been to a lecture, now is the time to make up for what you have lost.

P.S. He will talk about a presidential candidate each month. This month it will be George Bush.

STARTING OUR NEW SEASON

September is here again, all too soon. The September song is upon us, when the days dwindle down to a precious few. "September, these precious days we'll spend with you." Look at the leaves beginning to fall, and the clouds turning gray.

At the Villa Serena, however, it is a time of beginning of our new season. As we once again begin our new year of fall activities as always we dedicate ourselves to helping each person who enters our doors in finding happiness

(Continued next column)

and friendship with one another.

Join us in welcoming back our dedicated "old" teachers. Join their classes, there is much to learn from them. Learn to sew, knit or crochet or realize the beauty of ceramics, or the thrill of painting, the relaxation of bridge, relaxing your muscles to music in dancercise class and do try bowling.

For those who do not like "physical" exercise, there is the ever popular bingo and card parties.

Our travelogs, movie nights, musical concerts, book reviews, dances are all coming and are in the planning stages. Not to mention our regular entertainment nights after our usual "hearty dinners."

There's going to be much to do at the Villa in this new season and as we have said before, the rains and snow may come in the weeks ahead, but at the Villa Serena, it will always be "warm and bright within".

Make it your business to join us and participate and let us know what you would like.

REMEMBER, IN ORDER TO STAY YOUNG, YOU MUST REMAIN ACTIVE"
